

About us

Welcome to Coffee Capsules 2U.

We've been providing Kiwi coffee drinkers with a delicious range of Nespresso coffee blends for their Nespresso machines since 2016.

From our humble beginnings in our Warkworth garage, we've worked our proverbial backsides off to provide Kiwis with an authentic brand they could trust, because like you, Louise and I are from a generation where service matters.

We've made it our mission to provide good old-fashioned personal service like it used to be back in the day when you could wander to your local shop and have a yarn with the owner.

So when you're keen for a yarn, we're just a phone call or email away. We're right here, or you'll find us on the green (or in the brush!) at our local Warkworth Golf Club.

And when it comes to our brews, our simple numbered blend system is tailored to every taste. The higher the blend number, the higher the roast's intensity. Too easy! From smooth and creamy to rich and intense, we've got you covered.

With over 10,000 happy customers across New Zealand, we reckon you'll be onto a real winner with us, not that we like to toot our own horn!

We'd love you to give it a whirl today, so we've prepared a **special 15% discount offer** for Grey Power members to use on your first coffee order. You'll enjoy Free Shipping on all orders of 120 capsules or more, and you can rest easy knowing that with capsules at just 65 cents a pop, you're getting good quality coffee at half the price of supermarket capsules.

Our online ordering system is super simple to use, and you can rest easy knowing that we'll keep your details safe and secure.

Get stuck in today and enjoy good Kiwi coffee at a good price, we'll pack it up straight away and track it to your door!

Our products

At Coffee Capsules 2U, we offer a range of products to suit all tastes.

Our smoother, creamier brews, from Blend 5 to 9, offer a lightly balanced, chocolatey Arabica experience, while our bolder, more intense Blend 10 to 14 are infused by dark rich Robusta beans.

We have a Regular Capsule range covering all these blends, and we also offer a Decaf in this range for those aiming to cut down on caffeine.

Our Limited Edition range includes four deliciously popular flavours – Mocha Blend, Caramel Blend, Colombian Single Origin and Hot Chocolate.

Plus, in October 2023, we've also launched Zero Impact Home Compostable coffee capsules, a first for New Zealand. --
