

In 1962, Des Harrison first began selling carpet and furniture from his store in Whangarei. In 1983, his three sons John, Patrick and Phil joined the family business. Harrisons were the pioneers of a mobile in-home carpet service, launching nationwide in 1992. Since then, they have overseen the company diversify and grow, adding Harrisons Curtains & Blinds and Harrisons Solar to the company portfolio.

## Harrisons and Grey Power - Offers for Members

### Harrisons Carpet and Flooring

Offer details - Get 20% off Carpet and Hard Flooring products plus get **Flybuys** with every purchase

T&C - Not to be used with any other offer. Discount is applied off the full recommended retail price of the product only and not applicable to accessories/auxiliary or installation of the product.

After decades of enhancing Kiwi homes with quality flooring for all style tastes and budgets, we have perfected our easy in-home buying process. One thing our team likes to say is that 'choosing new flooring in a store is like choosing it in the dark'! So, our expert consultants are 100% mobile, nationwide, and carry hundreds of samples with them, so you can see your floor covering choices in your own home. Our consultations are free, and come with no strings attached!

With a range of over 500+ carpet and hard flooring samples, we can make sure that we understand your vision to help you make an informed decision.

We'll show you our full range of carpet and hard flooring samples, in your home's unique light and surrounded by your own furnishings. We can provide advice on colour schemes, guide you through the differences between carpet materials and explain the differences between the various types of hard flooring. We will also let you know which of our samples are currently on special.

### **Harrisons Curtains and Blinds**

Offer details - Get 30% off Curtains Fabrics & Blinds, plus get Flybuys with every purchase

T&C - Excludes shutters. Not to be used with any other offer. Discount applied off the full recommended retail price of the product only and not applicable to accessories/auxiliary or installation of the product.

When it comes to window coverings, the Harrisons team have spent decades perfecting our easy in-home buying process. Our expert consultants are 100% mobile, nationwide, and carry hundreds of samples with them, so you can see your vision come to life in your own home. Our consultations are free, and come with no strings attached!

We are always seeking out new designs in fabrics, styles and innovations. With over 1000+ samples we can provide advice on colour schemes and guide you through the differences between materials and explain which types of window coverings would best suit your space. This will help you to make an informed decision.

We have seen a dramatic increase in the demand and convenience of motorisation for Blinds and Curtains. With a touch of a button, or your voice (via

Alexa/Google apps), motorisation blinds, curtains or shutters, can be activated to open or close. This can be an extra advantage for anyone who suffers from ailments like backaches and arthritis (especially in the hands), which can make even the smallest tasks feel strenuous.

### **Harrisons Solar**

Offer details - Get 20% off Solar Panels, plus get Flybuys with every purchase

T&C - Not to be used with any other offer. Discount applied off the full recommended retail price.

Our mission is to create a sustainable energy solution for our customers, provide an excellent return on investment and top-notch after sale care. In a competitive and confusing market, we aim to stand out with our superb customer service and deliver on our promises.

The way we work means you call the shots: we will visit you when you want and tailor a highly efficient, delivering maximum Solar production year-round solution.

While power bills are increasing and increasing, with technology, the price of solar is getting cheaper and cheaper, so there is no better time to go solar. Harrisons only work with the best solar brands with high performing solar panels and inverters, and are the only premium certified installer of the Tesla Powerwall.

With the growth of EV's we are also excited to introduce new car chargers that offer a safer, faster and cheaper car charging solution vs just plugging into a 3 point plug - these integrate seamlessly with our solar systems.
